4&5 year old program Pre-K Program 4 or 5 day

This class is designed for the younger 5 year old that is ready for an everyday routine but not quite equipped to handle the structure or demands of Kindergarten. The child may be moving up from one of our other programs or joining us for the very first time. These students are challenged to grow socially, and to be exposed to a wide variety of developmentally appropriate readiness activities that are provided via benefits of a consistent daily routine. This class is an excellent final preparation for the child who needs a little more “growing time” before moving onto kindergarten. **Children must be 4 years old by June 1.**
